

IN THE CLAIMS

Claim 1 (original): Concentrate comprising an active substance from the group, which includes an algae oil, an essential oil, a terpene, phosphatidylserine, an ω 3 fatty acid, lanolin, a linoleic acid glyceride, citral or tea tree oil, and a surplus amount of a polysorbate, with at least two and half times the weight of the active substance.

Claim 2 (original): Concentrate according to claim 1 in which the surplus is at least six times the weight of the active substance.

Claim 3 (currently amended): Concentrate according to claim 1 ~~or 2~~ with glycerol content.

Claim 4 (currently amended): Concentrate according to claim 1 ~~or 2~~ with ethanol content.

Claim 5 (currently amended): Concentrate according to ~~one of the preceding claims~~ claim 1, consisting of an active substance excepting essential oil, tea tree oil and citral, and polysorbate 80.

Claim 6 (currently amended): Concentrate according to claim 1 ~~to 4~~, consisting of an essential oil or tea tree oil or citral and polysorbate 20.

Claim 7 (currently amended): Concentrate according to ~~one of the claims 1 to 5~~ claim 1, consisting of 160% w/w algae oil and 840% w/w polysorbate 80.

Claim 8 (currently amended): Concentrate according to ~~one of the claims 1 to 5~~ claim 1, consisting of 70% w/w of γ terpenes and

930% w/w of polysorbate 80.

Claim 9 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 5~~ claim 1, consisting of 50% w/w of lanolin and
950% w/w of polysorbate 80.

Claim 10 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 5~~ claim 1, consisting of 50% w/w of conjugated
linoleic acid triglyceride and 950% w/w of polysorbate 80.

Claim 11 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 5~~ claim 1, consisting of 150% w/w of
phosphatidylserine, 600% w/w of polysorbate 80 and 250% w/w
of glycerol.

Claim 12 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 5~~ claim 1, consisting of 80% w/w of
phosphatidylserine, 510% w/w of polysorbate 80 and 410% w/w of
glycerol.

Claim 13 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 4 or 6~~ claim 1, consisting of 100% w/w of an
essential oil containing orange oil and 900% w/w of polysorbate
20.

Claim 14 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 4 or 6~~ claim 1, in which the ratio by weight of
essential oil to polysorbate 20 is set to up to 3:7.

Claim 15 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 5~~ claim 1, consisting of 210% w/w of a ω .3 fatty
acid containing animal fat and 790% w/w of polysorbate 80.

Claim 16 (currently amended): Concentrate according to ~~one of the~~
~~claims 1 to 4 or 6~~ claim 1, consisting of 300% w/w of tea tree

oil and about 700% w/w of polysorbate 20.

Claim 17 (currently amended): Concentrate according to ~~one of the claims 1 to 4 or 6~~ claim 1, consisting of 430% w/w of polysorbate 20, about 70% w/w of citral and about 500% w/w of ethanol.

Claim 18 (currently amended): Concentrate according to ~~one of the claims 1 to 4 or 6~~ claim 1, consisting of 860% w/w of polysorbate 20 and about 140% w/w of citral.

Claim 19 (currently amended): Method for preparation of a concentrate according to ~~one of the preceding claims~~ claim 1, in which the active substance is mixed with a surplus of polysorbate 80 or polysorbate 20 with at least two and half times the weight of the active substance until a clear mixture is obtained.

Claim 20 (original): Method according to 13, whereby surplus of at least six times is used.

Claim 21 (currently amended): Method according to claim 19 ~~or 20~~, in which in order to accelerate the mixing process, the mixture is heated to a temperature of about 80°C to about 100°C.

Claim 22 (currently amended): Method according to claim 19 ~~or 20~~, in which glycerol is added to the mixture.

Claim 23 (currently amended): Method according to claim 19 ~~or 20~~, in which ethanol is added to the mixture.

Claim 24 (currently amended): Use of the concentrate according to ~~one of the claims 1 to 13~~ claim 1 as an additive to foodstuff, non-alcoholic drinks, cosmetics, pharmaceuticals or nutrient solutions.
